CSWE II Theme 2

Unit 1 Independent learning

Topic 3 Finding information

Activity 1 Using the internet

Finding information on the internet

1. Type www.google.com into the Address box at the top of the computer screen. Press Enter and wait for Google to appear.
2. Type some key words in the Search box, click on Google Search and wait for a list to appear on the screen.
3. Click on the first entry (the words are blue and underlined) and wait for a connection.
4. Explore the information you see on the screen and take some notes about any interesting information.
5. If you need more information, click on the Back button to go back to the Google list and click on the second entry.
6. Use the Close button when you have finished your search.

Tip: Be careful when you take notes. Do not write anything you don't understand.
